

Dear SWPBA members,

I hope everyone who was able to attend this year's meeting enjoyed it. This year's meeting covered a lot of territory with Hg/Se fish tissue concerns, Nutrient Criteria, and a Developing Biological Indicators and Criteria Workshop given by Tetra Tech, Inc. It also hosted a mini workshop with the Southeastern Monitoring Network to discuss future work in that endeavor. I would just like to thank all of you who presented this year. It's members like you, that help SWPBA continue for future biologists!

I would also like to give a big Thank You to our Vendors this year: CC Lynch, YSI, Environmental Enterprises, and Hach Hydromet.

Hope to see everyone in Georgia for SWPBA 2014!

Sincerely,
Emily Cotton, President

PS: We are placing another T-shirt order. If you would like another shirt, please email me(Emily_cotton@deq.state.ms.us) with your size and shipping address. No additional cost for shipping! Cash or Checks payable to Emily Cotton are acceptable. **Deadline for orders is November 22!**
